

Welcome to our News Letter - *'Back to Basics'*

Dear Friend and SupporterWhat's News?

Youth & Education:

We have started a new month with excitement and expectancy. We will be focusing on our youth and would like to give you some indication of what will be happening through Nemo SA. This year we will be partnering with a project called **'Our Youth'** and this is an education program for schools and education institutions. We will be introducing the material through Nemo SA, starting the roll out at schools in Kraaifontein Cape Town. The material is readily available however the challenge will be to raise funds to get the program started. The program teaches values and touches on teenage pregnancy, domestic violence, drugs, alcohol and much more ... for more into please click on this link:

Business Category:

We are continuing to build partnerships with like minded people and would like to develop our other categories on our directory as follows, business, individuals, social awareness, spiritual leaders and unity. We are promoting advertising spaces on our front page with links to business supporters and partners who find our vision favourable. More information is on our about page on our website / directory. We encourage supporters to visit various businesses listed in our directory or on our front page and make use of the services offered. More info.... **About us:** <http://www.nemosa.co.za/pages/1-About-Us>

Spiritual Leaders Network category: *'with one Accord'*

This is the beginning of a new year and we have been encouraged to accelerate this year. We have been partnering with various pastors, churches, schools and leaders in our city and would encourage a visit to our link promoting this important category. We have some exciting free **e books** on the link below and we are excited to see what lies ahead this year. It is a concern that Christianity has been taken out of our schools and therefore we encourage people to join this category and grow the word of God from our City. We are encouraging Christians to join in Spirit to Unite and work as one. We also have links to various daily devotionals on this link and to access Christian News through **'Gateway News'** by the **click of a mouse onto one of the logo's..** More info.... Funding:

Currently we are raising money through companies sponsoring a business link on our front page or on the various categories in our directory. More people will be reached as our funding and support grows. Nemo SA projects will have a positive impact on our youth, communities and our country at large. We are in the process of registering a NPO and we trust that this will have a positive impact on our future resources. All projects will be vetted and approved by our management team and we will be transparent. Please note donations are welcome or a referral to an advertising link will be appreciated.

Thanks for your time, support and consideration. Please share www.nemosa.co.za
