

Xennertech Hygiene

Pest Control

Company Introduction

Xennertech Hygiene (Pty) Ltd was started in 2009 by Gerald Davies.

The company has evolved into a well-established business with four teams' operating in Cape Town and surrounds.

The company prides itself on the brand statement '**Service Excellence At its Best**'.

Each individual operating under **Xennetech** has been personally trained and handpicked.

Our employees and operators have a full understanding of the treatment for all manner of:

- Rodents
- Cockroaches
- Fleas
- Ants
- Bed Bugs
- Termites
- Insects (Spiders & Flies).

All of which are covered under the structural licence.

We have trained our employees to be polite, efficient and totally honest. They frequently receive compliments from clients.

The business has developed purely through word of mouth over the years.

The result of the above is many recommendations and referrals we receive for our good service and reliable well-mannered staff.

You are welcome to contact the director: Gerald Davies at any time to discuss any additional information needed regarding our company.

Thank you for taking time to read the above and for affording us the opportunity to build a good loyal business working relationship with you and your company.
